

ANNUAL REPORT 2023

LITERACY PROGRAMS IN TOGO

Introduction

I will praise the Lord with all my heart; I will tell of all your wonders. I will rejoice and be glad in you; I will sing praises to your name, O Most High! Psalm 9:1-2.

With the words of this psalm, we wish to express our gratitude to Almighty God, God of love and mercy. Without His assistance, we could not carry out our activities and present this annual report.

I have come here to thank you for this wonderful opportunity to lift humanity in general, and the faithful whom the Lord has entrusted to us, out of the darkness and slavery of illiteracy. Next, I'd like to give you a report on our activities, and finally present our plans for 2024.

After my literacy training a year ago, it's my duty to present you with a report on my literacy activities in Togo.

I. Activities in 2023

After the training of Literacy Teachers, I set out with my colleagues to create 10 (ten) classes, according to the table below, considering the learners in ten classes, we have a total of 108 learners.

Other classes have not been able to complete their first literacy booklet. Others are closed for lack of teachers or because of learner absenteeism. By 2023, we expect to have taught a total of 108 learners.

They class who have finished the first booklet and learners who have started by reading the Bible in earnest are 4 classes for 23 learners.

2. Ministry among the Kabiye

Initiatives are underway to train Kabiye teachers and revive activities in this community. Steps are being taken to organize a promotional meeting and a Teacher Training Workshop (TTW) in the area. Our handicap in achieving this objective is the absence of Kabiye literacy booklets.

3. Ministry to the Anufo

Following the design of the Anufo Syllabary in 2021 in collaboration with the Calvaire Evangelical Mission, a schedule for the organization of a Teacher Training Workshop is being prepared. We believe that this workshop will give trained teachers the opportunity to open Anufo classes.

4. The Ministry turns to the Tamberma

Contacts are underway with certain religious leaders in this community to start up literacy ministry activities in this area. But to get off the ground effectively, we need to revise the Tamberma Syllabary, the content of which does not comply with Tamberma language standards

5. Ministry to other communities in the next 6 months

We are preparing an action plan for the year 2025 to reach out to other non-Attein communities.
